**FOR IMMEDIATE RELEASE**

(Broken Arrow, OK) Paragon Films is pleased to introduce **Ultimate Force™** stretch film. Engineered to stretch more than 300%, **Ultimate Force™** grips loads with strength unequalled in thin-gauge films. Designed with a propriety blend of high-grade resins and advanced extrusions technology, **Ultimate Force™** excels in fully automated systems, but also delivers the perfect load containment for any application. And like all of Paragon Films products, **Ultimate Force™** is backed by Paragon's performance guarantee of 100% satisfaction.

To find out more about **Ultimate Force™**, contact Paragon Films at (800) 274-WRAP or visit [www.ultimateforcefilm.com](http://www.ultimateforcefilm.com)

*For over 15 years, Paragon Films Inc. has been an innovative leader in the stretch films industry. Paragon currently manufactures a variety of stretch films for most commercial applications. Headquartered in Broken Arrow, Oklahoma, Paragon markets their products both domestically and internationally. For more information, go to [www.paragonfilms.com](http://www.paragonfilms.com)*
